ATTENTION: academics, innovators, policymakers, researchers and students.
The Food Systems Institute at the University of Florida is hosting this forum to:

- Explore innovations and best practices aimed at reducing the carbon footprint of food systems
- Create connections with today’s thought leaders in sustainable agriculture
- Provide guidance on the knowledge and skills needed for career opportunities in future food systems

KEYNOTE SPEAKER
J. Erik Fyrwald
Chief Executive Officer of the Syngenta Group, and Chairman of the Syngenta Foundation for Sustainable Agriculture

SESSIONS INCLUDE
- From Farm to Table
- From Challenges to Solutions
- People and Policy
- Faculty Presentations
- Is There a Future for Me in Future Food Systems?
- Along with a marketplace of ideas, innovations and opportunities!
